

RCC3\_16

Marker

- |                            |                             |
|----------------------------|-----------------------------|
| B cell                     | Naive CD4 T cell            |
| CD8 T cell                 | Naive T cell                |
| Classical monocyte         | Neutrophil                  |
| Collecting duct cell       | NK cell                     |
| Epithelial progenitor cell | Non-classical monocyte      |
| Fibroblast                 | Plasmacytoid dendritic cell |
| gdT cell                   | Podocyte                    |
| M2 macrophage (CD163)      | Principal cell              |
| Mast cell                  | Proximal tubule             |
| Myeloid DC                 | Regulatory T cell           |
| Myofibroblast              | Tumor                       |
| Naive B cell               | Vasa recta endothelium      |
