

RCC3\_15

Marker

- |                            |                                |
|----------------------------|--------------------------------|
| B cell                     | Naive B cell                   |
| Capillary endothelium      | Naive CD4 T cell               |
| CD8 T cell                 | Neutrophil                     |
| Collecting duct cell       | NK cell                        |
| Epithelial progenitor cell | Pelvic epithelium              |
| Fibroblast                 | Plasmacytoid dendritic cell    |
| gdT cell                   | Possibly Mid-Rep (Misc. Cells) |
| Intermediate monocyte      | Proximal tubule                |
| M1 Macrophage (STAT1)      | Regulatory T cell              |
| M2 macrophage (CD163)      | Tumor                          |
| Myeloid DC                 | Vasa recta endothelium         |
| Myofibroblast              |                                |
