

RCC5\_22

# Marker

- |                              |                               |
|------------------------------|-------------------------------|
| ● B cell                     | ● Naive CD4 T cell            |
| ● Capillary endothelium      | ● Naive T cell                |
| ● CD8 T cell                 | ● Neutrophil                  |
| ● Collecting duct cell       | ● Non-classical monocyte      |
| ● Epithelial progenitor cell | ● Pelvic epithelium           |
| ● Fibroblast                 | ● Plasmacytoid dendritic cell |
| ● M2 macrophage (CD163)      | ● Podocyte                    |
| ● Mast cell                  | ● Proximal tubule             |
| ● Myeloid DC                 | ● Regulatory T cell           |
| ● Myofibroblast              | ● Tumor                       |
| ● Naive B cell               | ● Vasa recta endothelium      |
