

RCC3\_12

### Marker

- |                          |                                  |
|--------------------------|----------------------------------|
| • B cell                 | • Naive B cell                   |
| • Capillary endothelium  | • Naive CD4 T cell               |
| • CD8 T cell             | • Naive T cell                   |
| • Classical monocyte     | • Neutrophil                     |
| • Collecting duct cell   | • NK cell                        |
| • Fibroblast             | • Non-classical monocyte         |
| • gdT cell               | • Pelvic epithelium              |
| • Glomerular endothelium | • Plasmacytoid dendritic cell    |
| • Intercalated Cell      | • Podocyte                       |
| • Intermediate monocyte  | • Possibly Mid-Rep (Misc. Cells) |
| • M1 Macrophage (STAT1)  | • Proximal tubule                |
| • M2 macrophage (CD163)  | • Regulatory T cell              |
| • Mast cell              | • Tumor                          |
| • Myeloid DC             | • Vasa recta endothelium         |
| • Myofibroblast          |                                  |
